When you spread LIQUIDOW™ Liquid Calcium Chloride  
on unpaved roads, a lot of problems clear up.

\*™ Trademark of Occidental Chemical Corporation

CALCIUM CHLORIDE ATTRACTS MOISTURE; THIS IS WHAT MAKES IT AN EXCELLENT DUST CONTROL AGENT. IT IS PRODUCED FROM NATURAL BRINE DEPOSITS FOUND UNDERGROUND SO IT IS SAFE TO THE ENVIRONMENT. DUST CONTROL IS NOT TOTAL DUST ELIMINATION.

IF YOU LIVE ON A PRIVATE ROAD OR SOMEONE OTHER THAN THE COUNTY MAINTAINS IT, PLEASE CONTACT BINNS & STEVENS FOR YOUR DUST CONTROL APPLICATION. OUR NUMBER IS 641-672-2566.

**DUE TO WEATHER, ROAD, & TRAFFIC CONDITIONS 2 APPLICATIONS ARE RECOMMENDED**

**A MINIMUM LENGTH OF 300' IS REQUIRED**  
**PRICES FOR THE 2022 SEASON (TAX INCLUDED)**

# Dust Control Procedure for Wapello County 2022

Any person desiring to have dust control on a section of road under county jurisdiction shall abide by the following policies. All persons desiring dust control services in Wapello County shall apply for a dust control permit through a pre-approved contractor **by May 2<sup>nd</sup>, 2022**. Dust control permit forms will be available from the pre-approved contractors. Applicants are required to provide all information requested on the permit form and return it to the contractor. There will be no fee for the Wapello County Dust Control permit. Payment for the dust control treatment will be made directly to the chosen contractor. Contractors will forward the permit application to the Wapello County Secondary Road Department for review and approval.

The normal, minimal treatment available will be 300 linear feet with the treatment being applied in one or two separate applications. Scheduling of these applications will be the responsibility of the resident-selected contractor. Wapello County will prepare the site prior to the application by the chosen contractor depending on the need to do so. The dust control treatment schedule will be an initial treatment placed May 23<sup>rd</sup> – June 3<sup>rd</sup>, 2022 and the second treatment placed July 25<sup>th</sup> – August 5<sup>th</sup>, 2022 **weather permitting. Wapello County reserves the right to extend these dates according to weather and road preparation.**

Each location treated for dust control shall be marked **with 4 fluorescent lime green plastic flags provided by the contractor** and also available at the Wapello County Secondary Road Department (***proof of application will be required to obtain flags at the Secondary Road Department***). The flags shall be placed on both sides of the road at each end of the dust control area and embedded in the road shoulder, at the break of the slope. The flags shall be placed at the time of permit application. *It is the obligation of the applicant to keep all flags in place marking the limits of the dust control area for the entire season - failure to do so may result in loss of dust control.* Grader operators will be instructed to avoid blading the marked dust control areas unless potholes over 1" in depth or washboarding develops.

**It is the responsibility of the Wapello County Secondary Road Department to maintain the road system in Wapello County. If the road has deteriorated to the point where its condition constitutes an immediate hazard to traffic in the judgment of the county Engineer or his designee, it will be bladed immediately, with no compensation to the resident. In October, the county will prepare the dust control areas for winter which may include scarifying, blading and placing additional rock for surfacing.**

All questions regarding dust control and material used should be directed to the contractors at the phone number shown below.

Wapello County will not guarantee the effectiveness of the dust control treatment, and any complaints concerning the quality will have to be handled between the resident and the contractor they selected.

**Sign-up deadline is May 2<sup>nd</sup>, 2022.**

**2022 Important Dates: (weather permitting)**

## 2022 ANNUAL PERMIT TO APPLY DUST CONTROL MATERIAL ON WAPELLO COUNTY SECONDARY ROADS

TO THE APPLICANT: Please fill out and turn in this permit application and fee to the contractor who is applying the dust control. Your contractor will then forward this form to the Wapello County Secondary Road Department for review and approval. After approval, the County will prepare the dust control area by blading and/or rocking prior to application of the dust control material.

APPLICANT (Please print): \_\_\_\_\_  
 STREET ADDRESS \_\_\_\_\_  
 CITY, ZIP CODE \_\_\_\_\_  
 PHONE # OF APPLICANT \_\_\_\_\_  
 EMAIL ADDRESS \_\_\_\_\_

LOCATION OF DUST CONTROL, if not same address as above:  
 (E911 Street Address) \_\_\_\_\_  
 (City) \_\_\_\_\_

Length of application to be applied \_\_\_\_\_

Name of contractor providing service: Binns & Stevens

Number of applications \_\_\_\_\_  
*(2 for full season dust control)*

I, applicant, have contracted with the above mentioned contractor to apply a dust control material to a Wapello County road. I have read the Wapello County Dust Control Policy and I am aware that the County may, at any time deemed necessary, blade through this dust control area or add rock. I am also aware that in October my dust control area will be bladed and/or rocked in preparation for winter. **I am aware that my green flags must be up and visible through October.** *Initial here*
